1. How long has Israel been encamped at Mount Sinai? How long has it been since the completion of the building of the tabernacle? Summarize what has happened during this time.
2. What does B'midbar mean? How does this differ from the English title? What is the significance of Adonai giving the Torah in the wilderness?
3. What was the purpose of the census? How would you describe the structure designed into the census?
4. Was this the first census taken? If not, when was the first census and what was its purpose?
5. What do you notice about the names of the tribal leaders? When were they given these names? Why is that significant?
6. The census information is repeated multiple times in this and future portions and could have been recorded more concisely. Why was it recorded this way?
